isbn:9780750688475

This title is directed primarily towards health care professionals outside of the United States. It contains graded content that not only meets the curriculum requirements of today's veterinary nurse but also caters for post-qualification education to provide a comprehensive resource for the Veterinary Nurse's entire career. * Comprehensive content endorsed by all leading course providers. * Full colour illustrations for maximum clarity. * Coverage includes equine as well as small animal and exotic species. * Written mostly by lecturers in veterinary nursing who have an in-depth knowledge of the veterinary nurse's role and responsibilities. * Additional online self-test material for students offers maximum learning potential from one resource. * Electronic course material for lecturers ensures that 'The Complete Textbook of Veterinary Nursing' is an effective and integrated teaching package.
