出版者:Springer Verlag

出版时间:

装帧:HRD

isbn:9781846283864

This book with DVD covers the practical aspects of the various endourological procedures in children. This innovative approach enables the surgeon to read about and watch the procedure beforehand, taking full advantage of audiovisual aids and helpful tips and tricks to make the procedure easier and safer. The coverage focuses on practical and clinical aspects of the techniques, leaving the theory of the underlying conditions to other textbooks.
