Portable Fluids and Electrolytes is a compact powerhouse of clinical information on fluid and electrolyte imbalances. Our nurse-experts have sorted through the mass of clinical information and focused in on what nurses need most in daily practice. This need-to-know information is presented in an easy-to-use, concise format for time-starved nurses, with bullets, lists, and hundreds of illustrations, charts, diagrams, and photographs. Portable Fluids and Electrolytes provides clear explanations of fluid and electrolyte imbalances, with banner heads to indicate life-threatening imbalances. In addition, the handbook includes detailed information on I.V. therapy.
