

Fundamentals of Nursing

[Fundamentals of Nursing_ 下载链接1](#)

著者:Taylor, Carol/ Lillis, Carol/ LeMone, Priscilla/ Lynn, Pamela

出版者:Lippincott Williams & Wilkins

出版时间:2006-12

装帧:HRD

isbn:9780781781572

Designed to maximize visual learning, this Sixth Edition features a new art program and an integrated, cohesive, student-focused suite of multimedia products. Brand-new icons direct students to free video clips and online activities. New concept maps walk students through the nursing process for selected case-study patients. Unexpected outcomes are now included in skills descriptions. Like previous editions, the text maintains its unique holistic "blended skills" approach to nursing care and focuses on case-based learning and critical thinking. A back-of-book CD-ROM includes video clips, skills checklists, chapter review questions, an NCLEX(R) alternate-format question tutorial, and a Spanish-English audio glossary. A companion online course is available free with purchase of the text.
