The ultimate case-based review of OB/GYN-ideal for exam prep and clinical reference 4 STAR DOODY'S REVIEW! "In a busy field like obstetrics/gynecology, this book provides a useful review of relevant topics in vignette fashion. It offers excellent references at the end of each vignette to more critically review topics as well. Excellent for CREOGs or board review." --Doody's Review Service Using a unique "vignette & question" format at the core of a case conference, this one-of-a-kind resource expertly explains clinical and educational concepts-each selected for their relevance for clinical practice and preparation for any test you may face. After a brief, illustrated clinical presentation (one or two figures per vignette), the authors "work through" the diagnosis and management of a particular case, answering questions as they go. Supporting this real-world, bedside perspective are appropriate references for all of the evidence-based answers, plus brief explanations that call attention to key concepts and information. Obstetrics & Gynecology features: 150 clinical vignettes in one convenient volume, covering the full spectrum of OB/GYN, from postpartum mastitis and fetal heart rate monitoring! to elective abortion! to breast and cervical cancer 1000 questions and answers relating to each clinical vignette-an easy-to-read, evidence-based study tool for review Study-enhancing complete references that conveniently accompany answers to the clinical vignette questions A streamlined,

easy-access organization that includes sections on office management (including general health and screening), obstetrics, gynecology, reproductive endocrine and infertility, gynecologic oncology, and urogynecology And much more
