Wound Care Facts Made Incredibly Quick! provides instant access to essential wound care information that nurses need every day. The book fits comfortably into a pocket, and the wipeable page surface allows nurses to write notes and remove them easily. Coverage includes assessment tools; wound classifications; wound care products; procedures, such as dry sterile dressing, wet-to-dry dressings, wound cultures, irrigations, and wound packing; medications, such as topical agents, wound cleansers, and debriding agents; and management strategies for pressure, arterial, venous, and diabetic ulcers. Scores of illustrations and charts are included. Distinctive-colored tabs identify each section.
