Used in the Pharmacy Technician Sequence and specifically for Exam Preparation at a two year and career college. The Perfect Balance!! The National Pharmacy Technician Association endorses this comprehensive series. It helps students achieve the perfect balance of the complex skills and the professional demeanor necessary for the

increasingly important role of a Pharmacy Technician. Over 180,000 individuals are nationally certified pharmacy technicians in the US. Many states require national certification to practice and due to increase involvement and patient interaction more states are adopting such regulations. Achieving recognized credentials will bring about an increase in both salary and career opportunities.
