Rapid changes in oncology necessitate a comprehensive, up-to-date reference for oncology nurses. For seventeen years, best-selling Cancer Nursing: Principles and Practice has filled this need, supplying oncology nurses with cutting-edge, current

information. Now, in its Sixth Edition, Cancer Nursing reflects the constantly shifting progress in the science of oncology, as well as emerging new therapies, new treatment modalities, the latest results from clinical trials, updates on new chemotherapeutic agents and targeted therapies, and new perspectives on supportive care.
