This book helps readers to learn family medicine in the context of real patients. Based on author Eugene Toy's proven learning system, this powerful primer on how to approach clinical problems teaches you to think like a doctor - and improves your shelf exam score. "Case Files: Family Medicine" reviews 60 high-yield family medicine cases, each with USMLE-format review questions and clinical pearls that highlight key concepts. In this score-boosting resource, you'll find must-know family medicine cases in an interactive and memorable format written by experienced educators.
