著者:Nguyen, Doyen T./ Diamond, Lawrence W./ Braylan, Raul C.

出版者:Humana Pr Inc

出版时间:2007-10

装帧:HRD

isbn:9781588298553

The second edition of this volume reflects the recent advances in the FCM analysis of hematopoietic disorders. The chapters have been revised to incorporate new text and

figures. The volume is aimed at hematopathologists, hematologists, pathologists, and laboratory technicians.
