This is a revision guide for students giving bullet points of basic information on managing symptoms in the pharmacy. "Fast Track" is a new series of indispensable revision guides created especially for undergraduate pharmacy students. The content of each title focuses on what pharmacy students really need to know in order to pass exams, providing concise, bulleted information, key points, tips and an all-important self-assessment section which includes MCQs, case studies, sample essay questions and worked examples. "The Fast Track" series provides the ultimate lecture notes and is a must-have for all pharmacy undergraduate students wanting to revise and test themselves for forthcoming exams. Covering all common ailments, organized by system in alphabetical order, this book provides all the essential information needed for managing symptoms presented in the pharmacy. A Fast Track website will also be live at time of publication and will include MCQs, and samples.
