Fast Facts for Nurses is a quick-consult collection of facts, checklists, algorithms, tips, key steps, alerts, and sketches that span almost every area of nursing practice. Up-to-the-minute information is presented on more than 600 topics, including signs and symptoms, documentation, diseases, assessment, procedures, ECGs, medication administration, drugs, complimentary and alternative therapies, and diagnostic tests. Formatted for quick reference, each chapter includes section tabs in the margin. Bulleted text and quick-scan tables and illustrations help the reader immediately focus on the most important information.
