著者:Kern, Morton J.

出版者:Elsevier Science Health Science div

出版时间:2003-12

装帧:Pap

isbn:9780323022385

This practical, pocket-sized handbook shows readers how to perform common therapeutic interventions. An easy-to-read outline format makes this complex subject easier to understand. An international team of specialists reviews traditional procedures as well as more specialised interventions, including laser angioplasty, atherectomy and stent implantation, discussing techniques, cautionary highpoints and outcomes. The 2nd Edition also offers coverage of peripheral vascular disease.
