Under the expert direction of one of the leaders in the field of radiology, Joseph T. Ferrucci, MD, Taveras and Ferrucci's Radiology on CD-ROM is the one resource clinical practitioners, researchers, and residents can turn to for complete, up to date, usable coverage of imaging techniques. With five volumes on one CD-ROM, Radiology on CD-ROM provides comprehensive coverage in all areas of radiology and is organized by organ system for your convenience. This CD-ROM also presents the appropriate imaging modalities that can be employed in the diagnosis of a particular disease. Plus, there is authoritative guidance that you cannot find anywhere else because Radiology on CD-ROM is written and edited by the world's leading experts in the field. Up to 74
