出版者:Lippincott Williams & Wilkins

出版时间:2003-2

装帧:Pap

isbn:9780781731614

This anchor text provides students with a firm foundation on the emerging perspectives of occupation. The book fosters an understanding of where the profession is today as well as where the various scholars are headed with their unique perspectives. It includes issues to be considered when implementing these perspectives into practice, and is designed to support the educational standards set by the Accreditation Council for Occupational Therapy Education (ACOTE).
