This book combines the needs of pediatric, adolescent, and young adult athletes with practical, clinically useful information needed by primary care practitioners to guide and treat this athletic population. Chapters follow a standard format completely supported by easy-to-use illustrations and tables. Comprehensive and detailed, its focus is on the content necessary to pass the CAQ in Sports Medicine offered by the American Board of Pediatrics (ABP) and the American Board of Family Practitioners (ABFP). A Brandon-Hill recommended title.
