This is a "Davis' Notes" book. This innovative guide keeps confidence and professional success within reach of a scrub pocket! "Respiratory Notes" provides quick-reference information in a procedure-based format that includes supporting illustrations, fill-in-the-blank forms, and algorithms to guide practice. The key features include: pages are waterproof and reusable - write patient specific information and then wipe away with rubbing alcohol at the end of the day; bullet-point reviews, organized as a guide to a procedure; quick-scan illustrations and tables summarize data; algorithms based on AARC Clinical Practice Guidelines; key forms allow you to gather data at the bedside, and then transcribe it to conventional charts; and HIPPA-supportive. It fits in a scrub pocket!
