From Marjorie A. Bowman, MD, MPA: "... It is a truly enjoyable way to keep up on multiple areas of medicine, and the humorous and insightful comments of my co-editors help me interpret the articles that I may not have time to read and adequately analyze."

There's no faster or easier way to stay informed! The Year Book of Family Practice brings you abstracts of articles carefully selected from more than 500 journals worldwide. Expert commentaries evaluate the clinical importance of each article and discuss its application to your practice.
