A new edition of an established research-based text on one of the fastest growing topics in nursing: nurses dealing with this complex subject need to be kept up to date and this book written by a team of expert rheumatology nurses fills that role. The book's emphasis is on addressing the patients' problems, assessing the effects of the disease both on the body and psychologically and suggesting treatments best suited to the individual patient. It encourages nurses to work in partnership with the patients and their carers, adopting a holistic approach to care. Edited by an acknowledged international expert in the development of the specialty Covers the needs of all nurses involved with rheumatology patients both in hospital and at home Research-based and completely updated to include the latest developments in treatments available
