著者:Traynor, Owen T.

出版者:Delmar Cengage Learning

出版时间:2005-1

装帧:Pap

isbn:9781401859244

The Streetmedic's Handbook, now in its second edition, is a concise field reference that presents essential information for pre-hospital emergencies that Paramedics and EMT's do not encounter on a daily basis. With its compact size or the new, separately sold downloadable PDA content, this resource makes an ideal companion and quick-reference tool for EMT's in the field. The Streetmedic's Handbook also lends itself well to the classroom setting for students who are studying emergency medicine. From the classroom to the field, those who use this book will appreciate the standardized, problem-oriented format that sets it apart from other quick-reference manuals.
