Prepared by Washington University house staff and faculty, this electronic survival guide encapsulates the critical knowledge essential for a successful pediatric residency. Content includes algorithms, useful formulas, patient notes, top ten work-ups, common calls and complaints, key points on most common problems, essentials of 'what not to miss' and 'when to refer/call for help,' and 'tricks of the trade.' This easy-to-navigate PDA reference includes guidelines on "floor" survival, writing

prescriptions, and calculating IV fluids and feeds, as well as laboratory reference values and formulary information. It also covers adolescent medicine topics such as STDs, eating disorders, and suicide. Platform: Palm OS, Windows CE, and Pocket PC handheld devices. "The Washington Manual [Registered]" is a registered mark belonging to Washington University in St. Louis to which international legal protection applies. The mark is used in this publication by LWW under license from Washington University. It is also available for iPhone/IPod touch.
