This beautiful full-color reference is a comprehensive, practical guide to veterinary hematology and clinical chemistry. From basic principles and laboratory techniques to

diagnostic evaluation, readers will find equally concise and clear coverage of both hematology and clinical chemistry for many domestic and exotic species. Also, features such as numerous full-color and black-and-white illustrations, coverage of avian and exotic hematology, and an extensive use of case studies make this reference a must-have for any veterinary reference library.

FREE Supplemental Casebook: Clinical Case Presentations for Veterinary Hematology and Clinical Chemistry contains detailed case studies taken from animal medical records. Over 50 case discussions help you to recognize patterns of disease and boost your diagnostic accuracy. You'll be guided from signalment, history, physical examination findings, and lab results...to in-depth interpretations, conclusions, and outcomes.
