出版者:Oxford Univ Pr

出版时间:2005-2

装帧:Pap

isbn:9780340885055

A revision book for the One Stop Doc revision series which covers the key facts for the Musculoskeletal module in the form of Short Answer Questions, Multiple Choice Questions, Extended Matching Questions, and Problem-based Questions. Illustrated

with simple, easily-reproduced line diagrams, this book will provide all the necessary information for exam success. The unique 'teaching feature' of each volume in the series is the grouping of different question types to cover a specific key topic which is explained in its entirety on the facing page, giving each double-page spread a focus on an aspect of core knowledge that can thereby be revised on its own or as part of a larger programme.
