出版者:Oxford Univ Pr

出版时间:2004-7

装帧:HRD

isbn:9780851994758

This state-of-the-art reference book includes comprehensive coverage of the biology

and control of African, Asian and South American Trypanosomiasis (sleeping sickness) in man and animals. It describes recent research developments in the biology and molecular biology of trypanosomes (the protozoan parasite) and their vectors, and methods in diagnosis and control, such as trapping tsetse fly vectors. Different sections of the book are devoted to biology of trypanosomes, vector biology, epidemiology and diagnosis, pathogenesis, disease impact, chemotherapy and disease control, and vector control. The book contains contributions from leading experts from Europe, North and South America, and Africa.
