isbn:9780781751117

The new Fifth Edition of "Yao and Artusio's Anesthesiology" is now available in PDA format for quick, easy board review and point-of-care reference. This is the only anesthesiology book with a case-based, problem-oriented approach, this best-selling text hones clinical decision-making skills and offers excellent preparation for both written and oral exams. This PDA version provides one-click access to patient management cases covering 60 surgical procedures and problems in anesthesiology. Easy-to-navigate screens present case histories and questions about pathophysiology, symptoms, diagnosis, preoperative evaluation, intraoperative management, and postoperative care. Questions are followed by thorough explanations, with tables, illustrations, and references. Platform: Palm OS, Windows CE, and Pocket PC handheld

devices. It is also available for iPhone/iPod touch.
