This brand-new book offers virtual hands-on experience to over 65 emergency procedures, allowing readers to rehearse them over again in their mind-then perform them on demand correctly. Inside, they'll find color drawings of each procedure that

illuminate relevant anatomical structures and their relationship to each new step paired with full-color photographs that provide a realistic clinical view of the identical anatomy. Plus, each step is accompanied by concise text, allowing the illustrations and photographs to guide clinicians effortlessly through the procedure.
