isbn:9780721693477

Thoroughly revised and updated, the new edition of this definitive text explains how to care for neonates using the very latest methods. It maintains a clinical focus while providing state-of-the-art diagnosis and treatment techniques. Written by more than

55 specialists who are actively involved in the care of sick newborns, it serves as an authoritative reference for practitioners, a valuable preparation tool for exams and a useful resource for the entire neonatal care team.
