Rosai and Ackerman's Surgical Pathology presents comprehensive guidance on every aspect of the field. The New Edition of this two-volume masterwork retains the practical approach that has earned it a loyal following and widespread critical acclaim. At the same time, it delivers expanded and updated content on molecular pathology, immunohistochemical markers, and cytopathological diagnosis. What's more, this definitive reference is now illustrated in full color throughout! Virtually all of its more than 3,900 illustrations are now in full color, providing unprecedented diagnostic assistance. A bonus CD-ROM delivers all of the book's illustrations in digital format.
