著者:Annie Mitchell BSc MA MSc Cpsychol

出版者:Churchill Livingstone

出版时间:1998-06-16

装帧:Paperback

isbn:9780443053191

Research-based and clinically relevant, the authors explore the crucial role of 'non-specific' aspects of treatment, such as trust, care, positive expectations and understanding in the healing process. It has much to offer all health care professionals concerned with holistic practice and with helping patients to promote their own health.
