isbn:9780761923305

"Counseling Latinos and la Familia" provides an integrated approach to understanding Latino families and increasing competency for counsellors and other mental health professional who work with Latinos and their families. It provides essential background information about the Latino population and the family unit, which is so central to Latino culture, including the diversity of various Spanish-speaking groups, socio-political issues, and changing family forms. The book also includes practical counselling strategies, focusing on the multicultural competencies approach.
