著者: Budman, Daniel R., M.D. (EDT)/ Calvert, Alan Hilary, M.D. (EDT)/ Rowinsky, Eric Keith, M.D. (EDT)

出版者: Lippincott Williams & Wilkins

出版时间: 2003-8

装帧: HRD

isbn: 9780781740104

New York Univ., Manhasset. Text explores the full spectrum of the anticancer drug evolution, from research and development, through clinical trials, to licensure and utilization. Shows how today's research becomes tomorrow's treatment. Includes abundant halftone illustrations. For researchers and practitioners.
