

# ECGs for Nurses

[ECGs for Nurses\\_ 下载链接1\\_](#)

著者:Jevon, Philip

出版者:Blackwell Pub

出版时间:2003-1

装帧:Pap

isbn:9780632058020

This is the first ECG book to be aimed specifically at nurses. This practical, handy-sized guide will be useful for nurses working in all acute areas, as well as general nurses and students learning about ECGs for the first time. Real ECGs are used throughout to supplement the text. Bullet points, diagrams and self-assessment tools are features of every chapter. Accompanying every ECG trace will be a brief discussion detailing possible effects on the patient, the nurse's role and also treatment (if any) of the arrhythmia.
