From dentistry to orthopedics to plastic surgery, "Dorland's" offers the most customised, user-friendly series of wordbooks. These references have been created specifically to be an effective, time-saving tool in transcribing, editing, and proof-reading medical documents. Each text consists of two sections: Terms, a straightforward and easy-to-use list of words; and Resources, which includes appendices and additional information specific to cardiology and to medical transcribing.
