装帧:HRD

isbn:9781588298782

This book investigates intraperitoneal chemotherapy in a variety of complex and interesting ways. The volume details major clinical trials to date. Authors also examine regional approaches to therapy, systemic therapy, and the use of carboplatin and paclitaxel as the standard treatment for women with stages III and IV ovarian cancer. The future direction of intraperitoneal chemotherapy both normothermic and hyperthermic is also covered.
