Achieve the best possible outcomes for a full range of facial flap procedures! Preeminent authority Shan R. Baker, MD provides peerless guidance on expertly overcoming a full range of reconstructive challenges using today's best techniques. What's more, multidisciplinary perspectives from otolaryngologists, dermatologists, ophthalmologists, and plastic surgeons help you take all essential considerations into account in treatment planning. The videos on the included DVD enable you to watch Dr. Baker personally performing a variety of procedures and explaining what to do, how to do it, and what to avoid. You're sure to take your facial reconstructive skills to a whole new level!
