

Cancer Metastasis and the Lymphovascular System

[Cancer Metastasis and the Lymphovascular System_下载链接1](#)

著者:Leong, Stanley P.L. 编

出版者:Springer Verlag

出版时间:2007-6

装帧:HRD

isbn:9780387692180

This book details the anatomy and physiology of the lymphovascular system as well as describes the mechanisms of metastasis. It provides readers with an understanding of immune responses of draining lymph nodes against cancer. Coverage also explains the rationale of adopting molecular therapeutics against growth factor receptors, apoptotic factors, signaling pathways and angiogenesis.
