出版者:Lippincott Williams & Wilkins

出版时间:2007-8

装帧:HRD

isbn:9780781778022

This is a Revised Second Edition of Dr. Kroger's classic work on hypnosis, which describes successful hypnotherapy techniques for a wide range of medical, psychiatric, and dental conditions. Dr. Kroger's work in developing the concept of clinical hypnosis, and making it a part of the science of behavior modification, is generally regarded as

the foundation of modern hypnotherapy. This Revised Second Edition features an introduction by Michael Yapko, PhD, an internationally recognized expert in short-term psychotherapy, which places Dr. Kroger's work in contemporary context. A bound-in DVD features two of Dr. Kroger's filmed demonstrations of surgical procedures using hypnosis as anesthesia, one for childbirth and another for thyroid surgery, plus extensive commentary by Michael Yapko, PhD.
