Flash cards in a book for the Surgery shelf exam and the USMLE Step 2 CK -- written by students for students "The authors have done a great job in assimilating surgery essentials with anatomy, embryology, high-yield recall questions, clinical case presentations, definitions, physical diagnosis, common presenting signs and symptoms, and significance of lab findings. In addition to that, they have successfully packed the book with powerful illustrative images...It is a packed resource for the wards, for the shelf exam, as well as for Step 2."--Sanober A. Amin, MD/PhD Candidate, Class of 2008, UIC College of Medicine  
Deja Review: Surgery boils down your course work to just the critical concepts. Presenting the perspectives of top students from their shelf exams and the USMLE Step 2 CK, this unbeatable guide features a quick-read Q&A format -- one that helps you efficiently get through a large amount of information.
