Medical terminology is defined and brought to life in STEDMAN'S(TM) most content-rich medical dictionary ever. You can read the definition of a term, hear it pronounced, see it illustrated, and watch it in motion. In short, this CD-ROM gives you the tools you need to understand and use medical terminology correctly in all your communications, written or verbal. For almost a century, STEDMAN'S has been defining medicine for health care professionals, students, and administrators from around the world. Now with Stedman's Electronic Medical Dictionary, Version 7.0, you can leverage STEDMAN'S authoritative content like never before.
