isbn:9781405149372

Cysts of the Oral and Maxillofacial Regions is a seminal text for those working in oral pathology, oral medicine, oral & maxillofacial surgery and radiology. This fourth edition reflects advances in immunohistochemistry, molecular biology and human genetics, which have contributed to the understanding of the etiology, pathogenesis, pathology

and treatment of these lesions. This book is a comprehensive treatise on cysts occurring in the oral and maxillofacial regions, covering clinical features, epidemiology, radiology, pathogenesis and pathology.
