From a border policeman in Mexico caught in a web of corruption, to the conservative judge appointed by the President as the new anti-drug czar, to undercover DEA agents fighting a drug cartel, to the wife of a drug baron and the judge's drug-addicted teenage daughter, Traffic evokes the high stakes and high risks of the drug trade, as seen through a series of interrelated stories, some of which are highly personal and some of which are filled with intrigue and danger. The Newmarket book includes the complete shooting script, an introduction in the form of a conversation between Steven Soderbergh and Stephen Gaghan written especially for this edition, stills, and the complete credits.
