装帧:Hardcover

isbn:9780810959361

Star Wars 365 is Knoll's comprehensive survey of the visual world created by the six Star Wars films. It ranges from grand vistas produced in spectacular matte paintings to close-up views of instrument panels. It shows us Lucas and his crews creating their universe on location and in the studio, in pages dense with imagery and information, documenting a remarkable sustained creative effort by hundreds of devoted filmmakers and craftsmen. Many of the images in the book relating to Episodes I-III were made by Knoll himself during production. Others come from the voluminous Lucasfilm and ILM archives.
