Tenser's name remains a British byword for colorful titles, controversial themes and

outrageous publicity stunts. He made movies in every genre from children's films to cannibalism, among them, the notorious nudie "Naked as Nature Intended; Roman Polanski's ground-breaking "Repulsion; and "Witchfinder General. This detailed overview of Tenser's work and career includes- full production details, reviews and box-office stats- rare, unpublished photographs, many from Tenser's private collection- an extensive interview with Tony Tenser- remembrances from his peers and stars- filmography- details of unfilmed projects- exclusive interviews, original production files and private correspondence
