# Classic Home Video Games, 1972-1984

[Classic Home Video Games, 1972-1984_下载链接1_](#)

著者:Weiss, Brett

出版者:McFarland & Co Inc Pub

出版时间:2007-7

装帧:HRD

isbn:9780786432264

This thoroughly researched reference work provides a comprehensive guide to popular

and obscure video games of the 1970s and early 1980s, covering virtually every official United States release for programmable home game consoles of the pre?Nintendo NES era. Organized alphabetically by console brand, each chapter includes a history and description of the game system, followed by substantive, encyclopedia-style entries for every game released for that console, regardless of when the game was produced. Each video game entry includes publisher/developer information and the release year, along with a detailed description and, frequently, the author's critique. A glossary provides a helpful guide to the classic video game genres and terms referenced throughout the work. An appendix lists a number of ?homebrew? titles that have been created by fans and amateur programmers and are available for download or purchase.
