Bigger, better, and more useless than ever! In their groundbreakingly useless book, The Book of Useless Information , the members of the Useless Information Society proved that knowledge doesn't have to be useful to be entertaining. Now they present a new collection of their most fascinating, hilarious, and wholly trivial findings. The Ultimate Book of Useless Information includes such "did you knows" as: - Peanuts are one of the ingredients in dynamite

- The average person spends two weeks of their life kissing
- And giraffes have no vocal cords
