Learn what goes into mixing the power and drive of rock music with the artistic elements of jazz improvisation in this comprehensive book and CD package. This

instructional tool delves into scales and modes, and how they can be used with various chord progressions to develop the best in soloing chops. The book also provides an introduction to rhythmic comping styles and chord voicing, providing the player with the skills needed to really groove. The accompanying CD features 94 tracks with both solo keyboard and full-band arrangements, demonstrating many of the examples in the book.
