Shows you how to work with the energy of the aura to improve your physical health. It introduces a powerful yet simple meditation to accessing an unlimited source of healing power for all types of physical conditions. The book covers such things as: specific healing meditations for over 80 physical conditions from headaches to cancer, explores the spiritual roots to many of our ills such as how frustration can cause liver disorders and disappointment can cause a heart attack, and how the healing energy brings you closer to God. Generously illustrated, all material is written from direct clairvoyant observation and 35+ years of clinical experience.
