From bestselling author Allison Hobbs comes the sassy, savvy tale of a woman consumed by a secret sex life, wealth and indulgence - obsessions she will go to any length to fulfill. Milan Walden is living the high life. She has it all, a high-power career, respect from her peers, and unlimited business potential. But when she finds herself unemployed and facing criminal charges, she flees the only life she's ever known to start again. Milan accepts a position as a live-in companion to ailing millionaire Noah Brockington. Her hunger for glamour and luxury drives her to become involved in a twisted relationship with her employer that soon results in a bizarre prenup and frantic preparations for the strangest wedding anyone could expect. Fighting off greedy family members, Noah's obsession with quirky sex, and the yearnings of her heart, Milan finds a new zest for life as she strives to become the sole heir of the Brockington fortune. "A Bona Fide Gold Digger" is an addictive spin through scandal and temptation that will leave every reader dizzy, but wanting more.
