isbn:9780738705224

Using things you probably already own such as a camcorder, computer, or tape recorder you can contact departed loved ones or other spirits, record their images and voices, and establish two-way communications between the worlds. Speak with the Dead also details the more traditional methods of sance, trance, and scrying. This book will guide you to one of the most awe-inspiring experiences you'll ever have.
