

the acts who have inspired other musicians, helped define the culture of their times and won devoted followings. From A Certain Ratio to Frank Zappa, via The Fall, Mogwai, New York Dolls and Sonic Youth, over 200 written entries build up to offer a unique perspective on contemporary music. Each entry concludes with album recommendations, while a closing 'ones to watch' section covers some of the most exciting new acts to have arrived on the alternative scene in the last five years. The A to X of Alternative Music is guaranteed to tell you things you never knew about your favourite bands, introduce you to new artists and provoke passionate debate between music lovers. Unafraid to court controversy in its judgements, inclusions and omissions, engagingly written and illustrated throughout, this is the essential reference companion for anyone who loves music made - and listened to - outside the mainstream.
